

### **1. Purpose**

This document defines Genetic Technologies Limited's ('GTG' or the 'Company') Charter for the Remuneration Committee.

The Remuneration Committee is a committee of the Board of Directors (the "Board") of the Company, and is subject to the control and direction of the Board.

The Board of GTG recognises that the Company should pay director remuneration sufficient to attract and retain high quality Directors and design its executive remuneration to attract, motivate and retain high quality senior Executives and to align their interests with the creation of value for security holders.

This Charter outlines the manner in which Non-Executive Director fees and Executive Directors' and Executives' salaries are determined, structured and reviewed.

In particular, the Committee is to undertake the functions of remuneration committee as set out in the ASX Corporate Governance Council's Corporate Governance Principles and Recommendations (ASX Principles).

Given the nature and size of the Company's operations, the Board has decided against the use of a separate nomination committee. This function is undertaken by the full Board.

### **2. Scope**

This Charter covers the performance of the Remuneration Committee and all matters in relation to overall remuneration policy and matters as outlined in Sections 7 and 8.

### **3. Responsibilities**

The GTG Board and its Directors has overall responsibility for the evaluation of the Remuneration Committee and its members.

The Committee is entitled to receive certain information and to request management to conduct certain investigations and carry out certain projects. On the basis of the information it receives, the Committee makes recommendations to the Board.

The Committee also makes recommendation to the Board on remuneration strategies and practices for the Board, the Chief Executive Officer and the Executives, in accordance with the Company’s Remuneration Policy.

The Committee’s recommendations are based on the guiding principles that:

- remuneration must reflect the market in which the Company operates;
- key performance indicators will apply to deliver results to the Company;
- remuneration is to be linked to the creation of value to shareholders; and
- remuneration is to reward both financial and non-financial performance.

The Committee has no executive powers with regard to its recommendations

**8. Responsibilities – Remuneration**

The Committee is responsible for:

**8.1. Remuneration Policy**

The Committee will review and make recommendations to the Board in relation to any remuneration policy or any other policy relating to the following:

- (a) remuneration of Directors;
- (b) Executive remuneration including fixed and variable components with both a short term and long term focus;
- (c) succession planning for Executive positions;
- (d) incentive schemes and related performance target and bonus strategies;
- (e) employee equity based remuneration practices;
- (f) recruitment, retention and termination policies for Executives;
- (g) superannuation arrangements;
- (h) personnel practices; and
- (i) industrial relation strategies.

The Committee must at all times have regard to, and notify the Board as appropriate of, all legal and regulatory requirements, including any shareholder approvals which are necessary to obtain.

The Committee’s objectives in determining the remuneration and incentive framework are to:

- (a) ensure remuneration structures are equitable and aligned with both the Company’s long-term interests and those of its shareholders;
- (b) encourage Directors and Executives to align their interests with those of shareholders;
- (c) attract and retain skilled Executives;
- (d) structure short and long term incentives that are challenging and linked to the creation of sustainable shareholder returns;

- (e) align individual and team reward with business performance in both the short term and longterm;
- (f) encourage Executives to perform to their fullest capacity;
- (g) be business focused and flexible;
- (h) be competitive and cost effective in each relevant employment market;
- (i) be internally consistent; and
- (j) ensure any termination benefits are justified and appropriate.

## **8.2. Remuneration for Non-Executive Directors**

The Committee makes recommendations to the Board annually on the remuneration of Non-Executive Directors, taking into account:

- (a) competitive market practices and trends;
- (b) the level of complexity of the GTG’s business; and
- (c) the accountability and commitments required of each Non-Executive Director.

The Board’s focus is on long-term strategic direction and overall performance of the Company. As a consequence, Non-Executive Director remuneration is not directly related to short term results, instead it is related to long-term performance.

The remuneration of Non-Executive Directors is structured separately from that of Executive Directors and Executives.

Non-Executive Directors:

- (a) receive a cash fee for service;
- (b) may participate in share-based incentive schemes (appropriately structured) from time to time; and
- (c) are not entitled to retain a retirement benefit beyond the statutory superannuation obligations.

The Committee may seek independent advice in relation to the remuneration of Non- Executive Board members and may make recommendations to members in relation to any total fee increase.

## **8.3. Remuneration for Executive Directors, Chief Executive Officer and Executives**

The Committee makes annual recommendations to the Board on the remuneration of Executive Directors, Chief Executive Officer and the Executive team – the latter based on the recommendations of the Chief Executive Officer. The Committee’s review considers individual performance, comparative remuneration in the market and where appropriate, external advice.

Recommendations relate to contractual terms, annual remuneration, any incentive scheme participation, equity based remuneration, superannuation arrangements and other employee provisions.

Annual individual performance is measured against criteria agreed each year with each Executive Director and Executive and is predominately based on operational outcomes which the Board would expect to translate into Company profits and shareholder value. Bonuses and incentives are usually linked to predetermined performance criteria.

Where a performance based component forms part of an Executive Director's or Executive's remuneration package it may consist of cash and options for outcomes based events. With respect to the cash component, the KPI's are set annually with a certain level of consultation. The measures are specifically tailored to the areas each Executive Director and Executive is involved in and has a level of control over and are mainly related to production targets that will influence profit and revenue.

Performance in relation to the KPI's is assessed annually with bonuses being awarded depending on the level of achievement against each KPI. Following the assessment, the KPI's are reviewed by the Committee in light of desired and actual outcomes and their efficiency assessed in relation to the Company's goals and shareholder returns, before the KPI's are set for the following year.

The Committee works with the Chief Executive Officer to determine the appropriate level and structure of remuneration of the Executive team based on the guiding principal that Executive Director and Executive remuneration is to be set at levels and structured to attract, motivate, reward and retain good performers to drive the business effectively.

#### **8.4. Employee incentive plans and equity based remuneration**

For any incentive schemes or equity based plans which are adopted, the Committee is responsible for:

- (a) reviewing and making recommendations to the Board with respect to their terms (including eligibility criteria and any performance hurdles for equity based plans). In making those recommendations the Committee will have regard to the Remuneration Policy and to the total cost of each plan;
- (b) reviewing and making recommendations to the Board, within the parameters of the plan, any amendments to the terms of existing plans;

- (c) reviewing and approving the terms of any trust deed applying in relation to the plans and of any amendment to any such trust deed, including authorising the execution of any such trust deed or amending deed on behalf of the Company;
- (d) overseeing their administration including, but not limited to, determining disputes and resolving questions of fact or interpretation;
- (e) considering whether shareholder approval is required for the schemes or plans and for any changes to them and making recommendations to the Board thereon; and
- (f) ensuring that payments and awards of equity are made in accordance with their terms and any shareholder approval.

In particular, the Committee will:

- (a) recommend to the Board for approval (within the scope approved by shareholders if relevant) the rules of all incentive plans (including the delegation of powers, as appropriate, to management to operate those plans);
- (b) keep all plans under review in the light of legislative, regulatory and market developments;
- (c) for each plan, determine each year whether awards will be made under that plan including the allotment and issue of shares and/or the approval of the acquisition of GTG shares for the purpose of any equity plan;
- (d) review and recommend to the Board for approval the total proposed awards under each plan;
- (e) recommend to the Board awards under each plan to the Executive Directors and Chief Executive Officer;
- (f) review and recommend to the Board for approval the proposed awards under each plan (as recommended by the Chief Executive Officer) to the Executives and to other management as appropriate;
- (g) review and recommend to the Board how its discretions, if any, in the rules of each equity plan should be exercised; and
- (h) constantly keep under review the performance targets to be used and the performance of each incentive plan.

In the event of serious misconduct or If the results on which any STI or LTI type reward was based are subsequently found by the Board to have been the subject of deliberate management misstatement, the Board may require repayment of the relevant STI and LTI, in addition to any other disciplinary actions.
